EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

Please cancel nonelected claims 12-15, 20-23, 28-31, 36-39.

Applicant's election of claims 9-11, 16-19, 24-27, 32-35, 40 in the reply filed on 9/6/06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 9-11, 16-19, 24-27, 32-35, 40 non-elected without traverse. Accordingly, claims 9-11, 16-19, 24-27, 32-35, 40 have been cancelled.

The following is an examiner's statement of reasons for allowance:

It is well known to use trisilyamine or ammonia as the nitrogen source to produce silicon nitride films as noted by Todd et al. (6,821,825). Furthermore, it is well known to utilize

Art Unit: 1762

trisilylamine to form a silicon nitride film followed by annealing in ammonia as noted by Buchanon et al. (6,566,281).

In addition, it is well known to utilize trisilylamine and ammonia as precursors in a plasma process to form a silicon nitride film as noted in Reinberg (4,200,666). However, these film are hydrogenated which result in poor electrical properties as noted in the applicant's specification on p.1 and confirmed by Kaloyeros et al. (5,968,611).

The prior art references do not teach or suggest the use of trisilylamine and ammonia as precursors in a thermal chemical vapor deposition process under specific temperature and pressure conditions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
